- Measures including converting measures
- Volume (Y6 only)
- Statistics
- Angles & position
- Roman Numerals
- Proportion and ratio (Y6 only)

Oak Class Curriculum Information Spring Term 2023

Why are there earthquakes in North America?

Questions we'll be asking...

- Where is North America and what countries does it consist of?
- What are the human and physical features of North America?
- What are physical features of an earthquake?
- What are some social, economic and environmental impacts of earthquakes?
- How do countries protect and prepare from earthquakes?

Reminders...

- Please continue to hear your child read for a least 10 mins five times a week.
- Practise time tables on a regular basis.
- Ensure spelling homework is completed and returned on Friday's.
- Ensure your child has the correct PE kit in school on Mondays and Fridays.
- Forest School will be on Fridays

In **Science** we will be learning to:

Electricity: The children will construct a simple series electrical circuit, identifying and naming its basic parts, including cells, wires, bulbs, switches and buzzers. They will learn that a switch opens and closes a circuit and associate this with whether or not a lamp lights in a simple series circuit. **Sound:** The children will learn how sounds are made, associating some of them with something vibrating and how musical instruments make sound.

In **RE** we will be learning to:

The children will understand the idea of wisdom as God's gift. They will explore Christian ideas about Wisdom in Biblical narratives and Christian living. The children will learn why Christians call the day Jesus died, Good Friday.

In **PSHE** we will be learning to:

The children will learn about basic first aid including for burns, scalds, cuts, bleeds, choking, asthma attacks or allergic reactions. They will recognise when it is appropriate to use first aid and the importance of seeking adult help. The children will learn about the different types of relationships people have in their lives and how friends and family communicate together and how the internet and social media can be used positively. They will learn how to ask for help or advice and respond to pressure or concerns about personal safety.

In **French** we will be learning to:

The children will be learning my home and pets. They will learn to say where they live and names of rooms in the home. They will learn to say names for different animals and ask someone if they have a pet.

Oak Class
Curriculum Information
Spring Term 2023

**Why are there
earthquakes in
North America?**

In **Topic** we will be learning to:

In geography the children will learn about the physical and human features of North America. They will understand the physical features of earthquakes. They will learn some social, economic and environmental impacts of earthquakes. They will understand how countries protect and prepare from earthquakes. The children will learn why earthquakes happen in North America.

In **Computing** we will be learning to:

Spreadsheets: They will combine tools to make spreadsheet activities such as timed times tables tests and use spreadsheet to model a real-life situation. **Writing for different audiences:** They will explore how font size and style can affect the impact of a text. They will use a simulated scenario to produce a news report and write for a community campaign.

In **Music** we will be learning about :

Make You Feel My Love and **Fresh Prince Of Bel-Air:** The children will learn songs and perform compositions within the song with the music style of Pop Ballads and Hip Hop.

In **Art & DT** we will be learning to:

In art the children will look at the National gallery. In DT they will construct and programme a robot through Lego Robotics.

In **PE** we will be learning to :

The children will be learning dance and gymnastics skills, as well as outdoor games.
